Life Update – May 2019

Professional Life – After Les's Lab

- Postdoc in Michael Hecht's Lab at Princeton University
 - *De novo* protein catalysis using combinatorial library approaches
- Postdoc for the ENIGMA NASA Astrobiology Institute at Rutgers University
 - Exploring the simplest catalytic metallopeptides

ENIGMA: EVOLUTION OF NANOMACHINES IN GEOSPHERES AND MICROBIAL ANCESTORS (NASA ASTROBIOLOGY INSTITUTE CYCLE 8)

Personal Life – After Les's Lab

Backpacking in Alaska

Hiking in the Adirondacks with the family

Hiking in Canyon Lands
